

OVERVIEW AND TIME LINE FOR DISTRICT GRANTS 2021-2022

MOU- July 15, 2021

Application- July 15, 2021

Final Report- May 15, 2022

The purpose of District Grants is to help your Rotary club make a positive difference in your local community by sharing funds from The Rotary Foundation. Your club members must be actively involved in the project. The goal is for your members to make an impact in your community, not simply to hand out money. Projects which increase the visibility of The Rotary Foundation and enhance its public image are strongly encouraged.

The District Grant Model allows:

Short-term activities to support local and international humanitarian and service projects. District Grants can also fund:

- Youth programs (including Rotary Youth Exchange, RYLA, Rotaract, or Interact)
- Community beautification or construction on a limited basis (including low cost shelters)
- Scholarships with no restrictions on the level (secondary, university, or graduate), length, location (local or international), or area of study
- Service travel and disaster recovery efforts
- Vocational training teams for both domestic and international travel, Rotary and non-Rotary countries
